AGENCY NOTICE.

(From Our Own Correspondent.)

Macao, September 13.

We have been freely blessed with wind
and shower since Thursday last and the
spell proved a veritable godsend, for we
had fairly begun gasping for breath. The
warding drums have vanished and it now
seems we are being graced with the all too
transient respite from the stifling glare.

Our boundary delegates came over for
an airing on Thursday. They were
lodged at the Box Vista Hotel and
were conveyed back to Hongkong yester-
day morning in the gunboat Paria,
all minus Consul General Chatti, who
is making the roundabout trip via
Canton. The latter gentleman is, we are
glad to say, looking every inch his active,
genial self again. At the offices of the
Vila Nova on Saturday evening we had
the pleasure to note that he had lost none
of his old-time conversational charms, yet
every attempt to wheedle him on to the
question of questions invariably elicited
reassurances that the matter was getting
along swimmingly. Naturally, it was but a
faux pas de parler. Still the running reader
is welcome to unravel certain random
remarks of General Machado which all sug-
gest an early return home.

There is a growing conviction, in spite of
official reticence, that the harbour works
are to be carried out departmentally and
the local Press is taking the government to
task in no equivocal strain, on the subject.
Though chary of dining the battered re-
frain into long-suffering ears, a former
remark comes very apropos and is really
just too nice to be overlooked. It is the
public, in fact, who are most anxious to
know what conjurer's rod has thus quick-
ly metamorphosed into a hydraulic
expert the Engineer of Ways and Roads
who has been vested with sole and
supreme charge of the undertaking. Real-
ly, it is too bad. Sympathism ought
to stop short somewhere. So far the
government in question has secured a most
commendable track of building up anti-
quated drainage boxes and wondering if he
will not be starting next of a round-the-
world trip. It found, to gratify his hobby,
which happily has a 10 or 12 feet draught,
the acquisition of the Shanghai machine
appears to have fallen through, although
we have every reason to believe that
the Government has successfully ne-
gotiated a loan with the Banco Ultra-
marino of about \$130,000, for the further
progress of the operations. We hear of an
order being placed in Canton for a number
of mud-scoops. Now echoes from the
metropolis tell us that in view of a pro-
spective deficit in the Budget estimates for
1909/1910 of about \$130,000, brought on
mainly by the failure of the opium revenue,
the Home Government in its suicidal
tendency against tapping fresh sources
of income has resorted to the expediency
of remitting the Colony from its yearly
subvention to Timor of \$60,000, and its
quota towards the expenses of the Overseas
Administration at Lisbon (\$30,000), and
the upkeep of the legations and
consulates in the Far East (\$65,000).
So far so good. They have not been in-
solvable, in their own way, to the spur of
fiscal necessity, but it will suit us little if
whatever surplus resources Macao may
scrap together is allowed to filter through
this harebrained attempt at carrying out
the harbour works departmentally. We
could forecast the outcome in a jiffy.
Every available cent will be used up in
purchasing dredging machines remunerat-
ing the staff with their travelling expenses
thrown in, and by the end of the next
twelve-month, judging from the way the
scheme is being handled, the currents from
Macao will have reconveyed gratis and free
of all charge through the channels of what-
ever side of Malacca all the hostesses of
the financial straits of the Colony.

We have to chronicle another wedding
which was quietly solemnized at 11 a.m.
yesterday at the Church of San Lawrence,
when Miss Carmen Arrais, eldest daugh-
ter of ex-Judge Arrais was joined in holy
matrimony to J. M. Azedo, eldest son of
Major Azedo. The Reverend Father Bours
officiated. Canon Arrais stood sponsor to
the bride, his sister, and Mr. J. Azedo of
Canton to the bridegroom, his brother.

Twenty-one members of the Club de
Macao have so far signified their willingness
to enlist in the new volunteer corps.

Memorial services were held throughout
the week for the repose of the soul of the
late Reverend Mother Teresa Lucia,
Superiora of the Conception Sisterhood in
Macao. At the Church of San Antonio
offertory obsequies were solemnized on
Saturday at 8.30 a.m. at the request of the
Daughters of Mary. The Rev. Father
Figueiredo celebrated Divine Mass, an
eloquent funeral oration being delivered by
the Rev. Father Narmiento. His Lordship
the Bishop, together with the whole clerical
body attended the Service in the chancel.

Death has claimed another flower of the
community, Miss Sarah d'Almeida, eldest
daughter of Lieutenant C. d'Almeida suc-
cumbing to an attack of dysentery at the
age of 23.

Doctor J. M. d'Arango has been trans-
ferred to the Army Medical Corps at
Tientsin and is leaving for that point to-
day or tomorrow with Madame Arango and
the two Misses Arango.

We learn that Mr. Auguste Vernon, whom
Shanghai papers will recall in connec-
tion with his successful attempt at re-
modeling the Actor House, some slight
years ago, has taken over a lease of the
Box Vista Hotel from the Bank Club at
\$150 per annum.

There is a growing conviction, in spite of
official reticence, that the harbour works
are to be carried out departmentally and
the local Press is taking the government to
task in no equivocal strain, on the subject.

THE LIQUOR PROPOSALS.

Interpreting "Trade" Opinions.

In the recent meeting of the Ordinance Committee, the liquor proposals were discussed. The Committee, after a long and heated discussion, decided to recommend the Government to pass the proposed liquor ordinance.

One of the main points of contention was the proposed increase in the duty on foreign spirits. The Committee members were divided on this issue, with some arguing that it would be a burden on the people and others claiming it was necessary for revenue.

The Committee also discussed the proposed changes to the licensing system for liquor. It was decided that the Government should have more control over the issuance of licenses to ensure that they are granted to responsible individuals.

The Committee's final recommendation was to pass the ordinance with some minor amendments. They believed that these changes would be necessary to make the ordinance more effective and to ensure that it was in the best interests of the colony.

The Government has accepted the Committee's recommendation and will now proceed to pass the ordinance. This decision has been met with mixed reactions from the public, with some supporting the move and others expressing concerns.

The proposed ordinance is expected to be passed in the near future. It will have a significant impact on the liquor trade in the colony and will likely lead to changes in the way that liquor is sold and consumed.

The Committee's decision was based on a thorough review of the proposals and the views of the public. They believed that the proposed changes were necessary to address the issues surrounding the liquor trade.

The ordinance will be subject to further scrutiny by the Legislative Council. It is hoped that the Council will be able to make any necessary adjustments before it is passed into law.

The proposed ordinance is a complex piece of legislation that will have far-reaching consequences. It is important that the public be kept informed of the details of the proposal and that their views be taken into account.

The Committee's decision was a difficult one to reach, but they believe it is the right one. They hope that the public will understand the reasons behind their decision and that they will support the ordinance.

The proposed ordinance is a significant step towards reforming the liquor trade in the colony. It is hoped that it will lead to a more regulated and responsible industry.

The Committee's decision was based on the best available information and the views of the public. They believe that the proposed changes are necessary for the colony's future.

CANTON NOTES.

(From Our Own Correspondent.)

Canton, September 14.

Before the new Governor arrived at Canton, the local authorities issued a notice prohibiting the gambling game known as "Ma Tsouk Pak," which has of late become a very popular game among the people.

The notice stated that the game was a waste of time and money and that it was detrimental to the health and morals of the people. It was ordered that all games of chance be discontinued.

The notice also mentioned that the game was a source of revenue for the local authorities. It was hoped that by prohibiting the game, the authorities could encourage other forms of revenue.

The notice was issued in the name of the Governor. It was expected that it would be strictly enforced. The game has been played for many years and is very popular among the people.

The notice also mentioned that the game was a source of revenue for the local authorities. It was hoped that by prohibiting the game, the authorities could encourage other forms of revenue.

SANTARY BOARD.

(From Our Own Correspondent.)

Canton, September 14.

The Sanitary Board met yesterday afternoon to discuss the proposed changes to the water supply system.

The Board members discussed the proposed increase in the duty on foreign spirits. They were divided on this issue, with some arguing that it would be a burden on the people and others claiming it was necessary for revenue.

The Board also discussed the proposed changes to the licensing system for liquor. It was decided that the Government should have more control over the issuance of licenses to ensure that they are granted to responsible individuals.

The Board's final recommendation was to pass the ordinance with some minor amendments. They believed that these changes would be necessary to make the ordinance more effective and to ensure that it was in the best interests of the colony.

The Government has accepted the Board's recommendation and will now proceed to pass the ordinance. This decision has been met with mixed reactions from the public, with some supporting the move and others expressing concerns.

The proposed ordinance is expected to be passed in the near future. It will have a significant impact on the liquor trade in the colony and will likely lead to changes in the way that liquor is sold and consumed.

The Committee's decision was based on a thorough review of the proposals and the views of the public. They believed that the proposed changes were necessary to address the issues surrounding the liquor trade.

The ordinance will be subject to further scrutiny by the Legislative Council. It is hoped that the Council will be able to make any necessary adjustments before it is passed into law.

The proposed ordinance is a complex piece of legislation that will have far-reaching consequences. It is important that the public be kept informed of the details of the proposal and that their views be taken into account.

The Committee's decision was a difficult one to reach, but they believe it is the right one. They hope that the public will understand the reasons behind their decision and that they will support the ordinance.

The proposed ordinance is a significant step towards reforming the liquor trade in the colony. It is hoped that it will lead to a more regulated and responsible industry.

The Committee's decision was based on the best available information and the views of the public. They believe that the proposed changes are necessary for the colony's future.

SPORTS.

(From Our Own Correspondent.)

Canton, September 14.

The sports ground at Canton was the scene of a very interesting football match yesterday afternoon.

The match was between the local team and a visiting team from Hong Kong. The local team won the match by a score of 2-1.

The match was a very close one, with both teams showing great skill and determination. The local team's victory was a great boost to their morale.

The match was a very close one, with both teams showing great skill and determination. The local team's victory was a great boost to their morale.

CROWN COLONIES AND THE NAVY.

Colonel Seely, replying to Mr. Lamb on the 14th of August, in the House of Commons, said that the Legislative Council of St. Vincent had unanimously passed a resolution introduced by the official members offering to vote annually by way of contribution into the Imperial Treasury an amount approximating to 1 per cent of the revenue of the Colony as a contribution towards the Navy.

After referring to the comparative smallness of the amount the resolution stated that the principle involved was the practical acknowledgment of a debt of gratitude for assistance and protection afforded in the past and present and of loyalty to His Majesty the King.

The Secretary of State had replied in a telegram expressing His Majesty's Government's high appreciation of the patriotic desire of the Council to assume a share of the Imperial burden, and cordially welcoming the assistance offered, by adding that the Government were particularly anxious to see the whole question of Imperial Defence on a basis of equality, by the Government of the Colonies, and that they would be glad to consider the proposal for the present annual contribution of 1 per cent of the revenue of the Colony.

WEATHER REPORT.

The following advice is issued from the Hongkong Observatory—
On the 15th at 10.15 a.m.—Red North One and Drums hoisted.
At 12.15 p.m.—The typhoon has moved rapidly Westwards since yesterday and has reached the middle part of the Formosa Channel. It will probably enter the coast near Amoy, where the barometer has fallen with great rapidity.
Reports from Formosa and all stations to the North of Amoy are leading.
The return from Indo-China show that pressure is low over the Annam coast.
Strong rain for the 24 hours ended at 10 a.m. to-day, 0.17 inches.
Forecast for the 24 hours ended at noon to-morrow—
1.—Hongkong and Neighbourhood: N.W. and W. winds, strong; squally rain later.
2.—Formosa Channel: Cyclonic gales.
3.—South coast of China between Hongkong and Lamook: W. winds, strong to a gale.
4.—South coast of China between Hongkong and Hainan: Same as No. 3.

HAD ECZEMA FORTY YEARS

Off and On—Mass of Small, Watery Spots Came on Hands, Feet, Legs and Head—Irritation was Fearful—Sought Different Doctors and Skin Hospitals in Vain.

FOUND "WONDERFUL" CURE IN CUTICURA

"I have suffered off and on with eczema for forty years in my hands, feet, legs and head. It always came in a mass of small spots and a considerable quantity of watery matter used to come out of the pores of the skin. I have been under many different doctors and in different hospitals for the treatment of the skin (on the face) but it only got worse. I was told that I should use Cuticure. I bought a box of Cuticure and used it as directed. The first time I used it I felt a great relief from the itching and the watery matter stopped coming out of the pores. I continued to use it and in a few days the spots disappeared. I have now used it for several months and I feel perfectly cured. I have already recommended it to my friends and I am sure it will cure them. I have already recommended it to my friends and I am sure it will cure them. I have already recommended it to my friends and I am sure it will cure them."

Little Mother

Delights in the use of Cuticure Soap and in the preventive and curative treatment of eczema. I consider Cuticure as the best remedy for eczema. I have already recommended it to my friends and I am sure it will cure them. I have already recommended it to my friends and I am sure it will cure them. I have already recommended it to my friends and I am sure it will cure them."
